

# 11th Edition of International Conference on Dentistry and Oral Health

Theme: The Future of Dentistry:  
Trends and Innovations

18-20  
SEPTEMBER  
2025

## Our OCMs

DAVID GEOFFREY GILLAM  
Queen Mary University of London,  
United Kingdom

PATRICK GROSSMANN  
British Society for the Study of  
Craniofacial Disorders,  
United Kingdom

ZVI G. LOEWY  
New York Medical College, United States

STEVEN J. TRAUB  
Touro University College of  
Dental Medicine, United States

JAAP BOEHMER  
Rijnstate Hospital, Netherlands

PREETINDER SINGH  
Academy of Oral Surgery, United States

YASSER KHALED  
Marquette University, United States

## Scientific TOPICS

- Dental Practice Management
- Endodontics
- Orthodontics and Dentofacial Orthopedics
- Periodontology
- Prosthodontics and Implantology
- Preventive and Community Dentistry
- Forensic Odontology
- Dental Instruments and Dental Marketing
- Oral Cancer and Oncology
- Oral and Maxillofacial Surgery
- Aesthetic and Cosmetic Dentistry
- Pediatric Dentistry
- Geriatric Dentistry
- Dental Biomaterials and Regenerative Dentistry
- Digital Dentistry and Robotics Innovations

Sheraton Skyline Hotel London, Heathrow  
Heathrow Airport, Bath Rd, London,  
England, United Kingdom, UB3 5BP

**David Geoffrey Gillam, Queen Mary University of London, United Kingdom**

Title: Diagnosis of selected dental conditions with similar pain characteristics: Do we need to redefine our terminology? A personal view

**Zvi G Loewy, New York Medical College, United States**

Title: Oral microbiome in health and disease

**Patrick Grossmann, Middlesex Hospital, United Kingdom**

Title: Temporomandibular dysfunction - The great imposter

**Steven J Traub, American Institute of Oral Biology, United States**

Title: Facial trauma 2025

**Chris Turner, Spacemark Dental, United Kingdom**

Title: Periodontitis: A co-morbidity factor in diabetes mellitus. The implications for dentistry

**Jaap Boehmer, Rijnstate Hospital, Netherlands**

Title: Prevention in the Netherlands in health care and dentistry

**Preetinder Singh, Academy of Oral Surgery, United States**

Title: Analysis of LANAP® and LAPIP® - Minimally invasive periodontal and peri-implantitis treatment protocols

**Yasser Khaled, Marquette University, United States**

Title: Effect of hormonal changes and stress on TMD

**Laurindo Moacir Sassi, Mackenzie Evangelical University Hospital, Brazil**

Title: A new approach in the reconstruction of the midface and mandible with a microvascularized fibular flap

**Ali Al Kaissi, Ilizarov Institute, Austria**

Title: Syndromic associations of congenital malformations of dentition: A clinical and genetic overview

**Jackson Martins Kalinoski, Brazilian Dental Association, Brazil**

Title: Strategic surgical planning for soft tissue reconstruction with gingival graft using the tunnel technique

**Khoa Le, Eyes of AI, Australia**

Title: AI-powered innovations shaping the future of dentistry

**Arupratan Choudhury, Birdem General Hospital, Bangladesh**

Title: Good dental health is important for diabetes people

**Steven J Traub, American Institute of Oral Biology, United States**

Title: Immediate molar implants

**Steven J Traub, American Institute of Oral Biology, United States**

Title: Modern temporomandibular joint surgery

**Mohamed Attia, Alexandria Center of Dentistry, United States**

Title : Avoiding and managing complications in implant dentistry

**Aziza Yakhyeva, Adelphi University, United States**

Title : Forensic dental analysis of cranio-dental remains for biological profiling

**Simone Ellis, Dr. Simone Ellis Consulting, United States**

Title : Reignite & retain: Re-engaging high-performing providers

**Richa Gupta, Independent Medical Writer, United States**

Title: Shaping the future of precision dentistry: Integrating real-time navigation systems for enhanced clinical outcomes

**Sorin Boeriu, Boeriu And Assocaites, Canada**

Title: Surgical protocols in implant dentistry after tooth extraction : When do we place the implant?

**Fatemeh Roshanray, King's College Hospital, United Kingdom**

Title: The orthodontic-restorative interface in managing hypodontia patients: A case comparison

**Zayaan Humdani, University College London Hospitals NHS Foundation Trust, United Kingdom**

Title : Service evaluation of mandibular third molar coronectomy

**Sarah Morgan, Bart's Health Trust, United Kingdom**

Title: Preserving missing spaces or creating stabilisation cases? - a cautionary example in the use of VFRs for hypodontia management

**Yogesh Patel, Barts Health NHS Trust, United Kingdom**

Title: The use and evolution of 3D printed surgical decompression devices in the management of large apical lesions : A case series

**Asmah Omrani, Barts Health NHS Trust, United Kingdom**

Title : The use and evolution of 3D printed surgical decompression devices in the management of large apical lesions : A case series

**Munisha Mangal, Medical and Scientific Affairs, United Kingdom**

Title : Addressing barriers and disparities in preventative oral health care: Insights into dentist-patient dynamics in the UK

**Rida Arain, University of Manchester, United Kingdom**

Title : Bridging gaps in oral medicine education: A multiracial visual atlas

**Zinab Kassir, Chesterfield Royal Hospital, United kingdom**

Title: A 3rd cycle audit of the rate of unscheduled orthodontic appointments at chesterfield royal hospital

Title: Hospitals vs outreach clinics: Improving socioeconomic inequalities in access to orthodontic treatment

**Alisha Amin, Buckinghamshire NHS Trust, United Kingdom**

**Dylan Patel, University College London NHS Hospital Trust, United Kingdom**

**Thushara Thayaparan, Surrey and Sussex Healthcare Trust, United Kingdom**

Title: Canine conundrums: A collaborative approach to the management of ectopic canines

**Alisha Paul, South Devon NHS trust, United Kingdom**

Title: Mounjaro and beyond: Dental considerations for GLP-1 receptor agonists

**Victoria Sampson, THS Labs, United Kingdom**

Title: The oral microbiome: A new frontier in oral and systemic health

**Enass Shamsy, University of Lincoln, United Kingdom**

Title: Pulpotomy of permanent teeth: Are we there yet?

**Simran Mann, The Eastman Dental Hospital, United Kingdom**

Title: Antimicrobial prescribing across dental specialties at the eastman dental hospital

**Nafisa Shah, Luton and Dunstable University Hospital, United Kingdom**

Title: A case of gardner's syndrome involving a multidisciplinary approach

**Linton James Nash, Monash Health, Australia**

Title: Enhancing clear aligner therapy through precise attachment placement

**Monika Osko, Barcelona Orthodontic World Institute, Spain**

Title : Strategies for improving tongue mobility using Myofascial Release Technique (MRT):  
Structural analysis with and without frenulotomy

**Abu Hussein Muhamad, Aesthetics Dental Clinic, Greece**

Title : Esthetic and management of congenitally missing anterior teeth

**Diana Dembicka Maczka, Artistic Smile Studio Dental Office, Poland**

Title : Facial laser aesthetics in a dental office

**Eduardo Rubio, Argentinian Catholic University, Argentina**

Title: Orthognathic surgery combined with complementary procedures for optimal results

**Rodrigo Alberto Cenci, Unochapeco - Universidade Comunitaria da regio de Chapeco, Brazil**

Title : Contemporary orthognathic surgery in the treatment of dentofacial deformities

**Anna Paula Natividade de Almeida Goncalves, Complexo Americas Hospitals Samaritano Barra e Vitoria, Brazil**

Title : Hospital dentistry in the ICU: A reality in Brazil

**Jamal Hassan Assaf, Federal University of Santa Maria, Brazil**

Title : Orthodontic extrusion and vertical alveolar ridge augmentation: A case report step by step

**Larisa P Gerasimova, Bashkir State Medical University, Russian Federation**

Title: Interdisciplinary approach to studying the etiology of bruxism. Diagnostics and treatment

**Andreeva Svetlana, Russian University of Medicine, Russian Federation**

Title: Features of judicial practice (2013-2024) in dentistry in Russia

**Alexsandr Budovsky, Budovsky Dental, United Arab Emirates**

Title: Aesthetic function

**Alok dwivedi, Najran university, Saudi Arabia**

Title: Anterior loop connector fixed partial denture – A case report

**Shahid Mahmood, Prince Sattam Bin Abdulaziz University, Saudi Arabia**

Title: Minimal Intervention dentistry- A survey of dental educators

**Ethar Babiker Ibrahim Mehasi, Hail General Hospital, Saudi Arabia**

Title: Dentists need to learn how to deal before how to treat

**Ali Hassan Ahmad Alhayzaee, King Faisal Medical city, Saudi Arabia**

Title: Principles & planning of clear aligners: An integration to streamline treatment and increase predictability

**Harisha Dewan, Jazan University, Saudi Arabia**

Title: Nanoparticles in Prosthodontics – Revolutionizing dental restorations

**Yasser R Souror, Misr University for Science and Technology, Saudi Arabia**

Title: Empathy-driven pediatric dentistry: The key to patient-centered care

**Hao Wu, Xi'an Jiaotong University, China**

Title : Low expression of selenoprotein S may prevents excessive ossification of BMSCs through negative feedback between Sp7 and Hsp47

**Sachin Shashikant Metkari, Nair Hospital Dental College, India**

Title : Factors affecting periapical extrusion of debris, irrigating solution and microorganisms during chemo-mechanical preparation of root canal system: A literature review

**Vinay Kumar Bhardwaj, H.P.Government Dental College and Hospital, India**

Title: Association between asthma and chronic periodontitis - A case-control study in Shimla-Himachal Pradesh

**Kalaivani, Adhiparasakthi Dental College and Hospital, India**

Title: Emotional intelligence in dental public health

**Vaishali Waindeskar, All India Institute of Medical Sciences, India**

Title : Airway management for oral cancer - techniques and challenges

**Amitha H A, V.S. Dental College and Hospital, India**

Title : Comparative evaluation of the fluoride content in plant-based and animal-based milk: An in vitro study

**Anurag Tripathi, King George's Medical University, India**

Title: Comparative study to evaluate chronological age and dental age in north Indian population using cameriere method

**Sapna Gokul, Nair Hospital Dental College, India**

Title : Interdental hygiene maintenance - The mighty mite

**Gulnar Sethna, Government Dental College and Hospital, India**

Title: From probing to programming: The AI revolution in periodontology

**Monika Sunil Jadhav, Goregaon Dental Centre, India**

Title: Photobiomodulation in prosthodontics: A new frontier

**Indumathi K P, SRM Kattankulathur Dental College and Hospital, India**

Title: Plant-Based medicine as a tool for minimally invasive, integrative dentistry: Bridging clinical and public health innovations

**Naval Ghule, Goregaon Dental Centre, India**

Title: Combating the vape wave: Community-based tobacco cessation and awareness efforts in urban India

**Arpita Shah Jhaveri, Goregaon dental centre, India**

Title: Tied talks: Understanding and managing tongue tie in pediatric dentistry

**Kavita Dhinsa, Sardar Patel Post Graduate Institute of Dental & Medical Sciences, India**

Title: To assess the oral health-related quality of life (OHRQoL) among children suffering from congestive heart failure and bronchial asthma in Lucknow city

**Kanika Gupta Verma, Teerthankar Mahaveer Dental College & Research Centre, India**

Title: Decoding pediatric oral lesions

**Gaurav Mishra, King George's Medical University, India**

Title: Prevalence of dental anxiety and effect of school oral health education program on anxiety level among 10 to 15 years old school children in Lucknow, U.P

**Arushi sharma, Pt. B.D. Sharma University, India**

Title : Forensic dentistry and examination of dental evidence

**Arshia Rashid Baig, Sharad Pawar Dental College, India**

Title: Discovering new horizons: Artificial intelligence

**Rashi Bahl, BJS Dental College and Hospital, India**

Title : Prevalence and factor associated with cancer and pre-cancerous condition in India: A hospital-based Study

**Bharat Joshi, MMCDSR, India**

Title: Coronally advanced flap a predictable procedure for gingival recession management-A case series

**Sherif Helal, Gleem Pediatric Medical Center, Egypt**

Title : Contemporary fluoride alternatives for dental caries prevention approach modalities

**Ayman Hegab, Al-Azhar Univeristy, Egypt**

Title : Synergistic effect of platelet rich plasma with hyaluronic acid injection following arthrocentesis to reduce pain and improve function in TMJ osteoarthritis

**Mona Galal Abo Elezz, MTI University, Egypt**

Title: Accuracy of digital and conventional implant-level impression techniques for maxillary full-arch screw-retained prosthesis: A crossover randomized trial

**Mohamed El Sayed Kamel, Cairo Univeristy, Egypt**

Title : Passive fit of prefabricated versus conventionally constructed cobalt chromium CAD\CAM 3- unit implant supported frameworks: An invitro study

**Fahme Liyakath, Cairo University, Egypt**

Title: Digitally guided, minimally invasive esthetic management of cervical soft tissue deficiencies using pink composite: A non-surgical innovation in the future of dentistry

**Kostiuk Tetiana, Bogomolets National Medical University, Ukraine**

Title: TMJ dysfunction in orthodontics

**Mohamed Azhari, FMPDF- USMBA, Morocco**

Title: Prosthetic rehabilitation of facial substance loss: A clinical and technical approach developed by the maxillofacial prosthodontics team of the faculty of medicine, pharmacy, and dentistry at sidi mohamed ben abdellah university of Fez

**Fellahi Samir, University Alger, Algeria**

Title: Tissue engineering in endodontics: A first step towards a new era

**Ayat Adel, Central Army Hospital Algiers, Algeria**

Title: Immediate autotransplantation as an alternative to immediate implants: A prospective study in young patients

**Sameh Rzigui, Dental Faculty of Monastir Tunisia, Tunisia**

Title : Zoom on removable partial denture with polyetheretherketone framework

**Zeinab El gihani, Specialist Dental Center of Maxillofacial Medicine and Surgery, Libyan Arab Jamahiriya**

Title: Oral health related quality of life during pregnancy

**Dunia Ahmad Aldulayme, Mustansiriyah University, Iraq**

**Mohammad Rafid Alkhannaq, Mustansiriyah University, Iraq**

Title: Delay eruption of maxillary permanent incisors, diagnosis and management. Case reports

**Tannaz Pourlak, Tabriz University of Medical Sciences, Iran**

Title: Using machine learning algorithms to optimize surgical outcomes in oral and maxillofacial surgeries

**Sanaz Heidarkhan Tehrani, Islamic Azad University of Medical Sciences, Iran**

Title : Advancement and application of deep learning on detection of peri-implantitis

**Mina Moalem Nia, Department of Restorative Dentistry, Iran (Islamic Republic of)**

Title: Effects of two remineralizing agents in combination with Er:YAG and CO2 laser irradiation on microhardness of demineralized enamel: A preliminary in vitro study

**Ali Eskandarizadeh, Kerman University of Medical Sciences Dental School, Iran**

Title : Effect of bleaching agents on oral mucosa

**Subhani Vaidya, Nepal Medical College, Nepal**

Title : Silver diamine fluoride use in different periodicity, arresting capability and parental acceptance in autistic children - Research Article

**Emmanuel Kofi Amponsah, School of Dentistry, Ghana**

Title: Bridging the gap: Future trends in dentistry and their implications for dental schools and research in Sub-Saharan Africa (Ghana)

**Oral Presentation Slots are available!!**

**Sean Pham, College of William & Mary, United States**

Title: wise segmentation of CBCT images to identify the inferior alveolar canal

**Yogesh Patel, Barts Health NHS Trust, United Kingdom**

Title: The endodontic management of a dilated odontoma: A case report

**Asmah Omrani, Barts Health NHS Trust, United Kingdom**

Title : The endodontic management of a dilated odontoma: A case report

**Yasaman Asgari, Barts Health NHS Trust, United Kingdom**

Title: Restorative management of a deranged occlusion: A reductive and additive approach – case series

**Sena Mamurekli, NHS Education for Scotland, United Kingdom**

Title : Full medical history completion at new patient clinics within the restorative department at the Edinburgh Dental Institute (EDI)

**Nafisa Shah, Luton and Dunstable University Hospital, United Kingdom**

Title: Assessment of the clinical effectiveness of botulinum toxin type A in oral and maxillofacial surgery

**Marcelo Melo Soares, Osteogenesis Institute, Brazil**

Title: Nonocomposites on bone tissue engineering

**Olga, V.I. Vernadsky Crimean Federal University, Russian Federation**

Title: Dental anamnesis of patients with idiopathic rheumatoid arthritis

**Lina Kim, Korea High School, Korea, Republic of**

Title: Managing dental anxiety in pediatric dentistry: A review of non-pharmacological interventions

**Rula Shami, Qatar University, Qatar**

Title: Exploring dentists' attitudes and perceptions towards providing dental care to children with disability

**Rayan Ibrahim H Binduhayyim, King Khalid University, Saudi Arabia**

Title: Sustainability awareness and practices in dental laboratories of Saudi Arabia

**Omar Alageel, King Saud University, Saudi Arabia**

Title: Adhesion performance of 3d-printed and milled titanium alloys to zirconia-based materials

**Ali Alrahlah, King Saud University, Saudi Arabia**

Title: Remineralization efficacy of bioactive-incorporating resin composites on decayed teeth

**Abdullah Alshamrani, King Saud University, Saudi Arabia**

Title: Comparative evaluation of the effects of artificial aging on mechanical properties of milled and 3d-printed zirconia materials

**Omar Alsadon, King Saud University, Saudi Arabia**

Title: Effect of phosphate-bonded investment on surface-roughness and wettability of ceramics

**Haya Alayadi, King Saud University, Saudi Arabia**

Title: Impact of virtual supervised tooth brushing on caries experience and quality of life among primary school children: A randomized controlled trial

**Majed Alsarani, King Saud University, Saudi Arabia**

Title: Influence of aging on the marginal and internal fit of milled and 3d printed interim crowns

**Mohammed Aldhafyan, King Saud University, Saudi Arabia**

Title: Raman spectroscopic analysis of enamel surface demineralization and remineralization using bioactive toothpastes

**Pallavi Srivastava, Shri Baankey Bihari Dental College and Research Centre Ghaziabad, India**

Title: Tracking OSMF treatment framework: Diagnostic protocols with treatment planning and case reflections

**Sara zaky, Suez Canal University, Egypt**

Title: Retention and surface roughness of Co-Cr bars supporting mandibular implant over-denture fabricated with two different techniques

**Mihoubi Hicham, Faculty of Dentistry, Algeria**

Title: A conservative treatment of amelogenesis imperfecta with injectable composites: A case report

**Imene Farsi, Faculty of Dentistry, Algeria**

Title: The uveneer system versus layering in direct adhesive restorations

**Fellahi Samir, University Alger, Algeria**

Title : Pulpotomy in mature teeth with symptomatic irreversible pulpitis

**Fellahi Samir, University Alger, Algeria**

Title : Endodontic surgery in Algeria

**Farouk Ghezal, Public University Hospital, Algeria**

Title : Dental displacement into the sinus: Radiological diagnosis and targeted surgical strategy

**Farouk Ghezal, Public University Hospital, Algeria**

Title : Compound odontoma and anterior maxillary retention the value of a conservative approach

**Lida Kheiri, Isfahan University of Medical Sciences, Iran**

Title: Factors affecting bone loss around bone level and tissue level dental implants: A systematic review of the literature

**Alireza Adl, Shiraz University of Medical Sciences, Iran**

Title: In vitro microshear bond strength of composite resin to mineral trioxide aggregate and polycarboxylate cement containing potassium nitrate at two time intervals with different adhesive strategies

**Ali Eskandarizadeh, Kerman University of Medical Sciences Dental School, Iran (Islamic Republic of)**

Title : Effect of bleaching agents on oral mucosa

**Poster Presentation Slots are available!!**
